MEMORANDUM FOR: Chief, [] NPIC

25X1

SUBJECT: Information Concerning Bi-Spectral Acquisitions
and Bicolor Viewing Methods

1. TSSC is submitting the following information to assist
IBG in writing the preface to the OAK for Mission []

25X1

2. Since several passes of Mission [] are programmed
in the bi-spectral mode of operation, recipients of the OAKs
should have some feelings concerning the nature of bi-spectral
products and the bicolor method of viewing this imagery. The
attached statement is a coordinated TSSC effort to.

25X1

- a. Describe bi-spectral acquisitions.
- b. Indicate how bi-spectral information can be interpreted.
- c. Describe bicolor viewing.
- d. Describe information to be acquired through bicolor
viewing.
- e. Indicate NPIC cannot reproduce bicolor prints in any
quantity.
